Vacancy: Country Manager

GCS has a vacancy for a Country Manager. The position will be based in Namibia.

Role Summary

Responsible for the project management function, LAMP clients, and marketing of GCS services. Together with the Environmental Director, the candidate will be responsible for managing the team, the unit's budget, and all related aspects.

KEY WORK OUTPUTS

Primary responsibilities include:

Legislation

- Understand, interpret and advise on environmental legislation and Environmental Projects.

Project Management

- Manage and coordinate Large Account Clients and Projects
- Manage a project team
- Develop proposal documents and budgets
- Conduct environmental impact assessments
- Undertake site assessments and environmental audits on behalf of clients
- Delegate tasks
- Project deadlines

Problem/ Risk management

- Identify environmental risks and develop appropriate mitigation
- Identify practical solutions in terms of environment and sustainability

Reporting

- Prepare environmental management programme reports
- Prepare advisory documentation and working documents for clients (on an operational and corporate level)
- Prepare feedback reports on overall operational compliance and other requirements

Client Liaison

- Ensure optimal communication to clients regarding projects
- Liaise with authorities and maintain contact
- Organise the Consultation Process
- Be involved in the unit direction development

Business Development

- Assist in the implementation of the ONE GCS Strategy by assisting with workflow allocation, schedule and drive the development of business into new markets not currently accessed by GCS.
- Secure large contracts – not only by the tender process but proactive marketing and building client relationships.
- Able to build client relationships with multinational clients.
